DISCLAIMER

Past performance must not be considered as an indicator or guarantee of future performance, and the addressees of this document are fully responsible for any investments they make. No express or implied warranty is given as to future performance. It is neither directed to, nor intended for distribution or use by, any person or entity who is a citizen or resident or located in any locality, state, country or jurisdiction where such distribution, publication, availability or use would be contrary to law or regulation. The latest versions of the prospectus, articles of association, annual and semi-annual reports should be consulted prior to any investment decision. These documents are available on www.fundsquare.net, at FundPartner Solutions (Europe) S.A., 15 Avenue J.F. Kennedy, L-1855 Luxembourg or at the local entity mentioned above. The information and data presented in this document are not to be considered as an offer or solicitation to buy, sell or subscribe to any securities or financial instruments. Information, opinions and estimates contained in this document reflect a judgment at the original date of publication and are subject to change without notice. It has not taken any steps to ensure that the securities referred in this document are suitable for any particular investor and this document is not to be relied upon in substitution for the exercise of independent judgment. Tax treatment depends on the individual circumstances of each investor and may be subject to change in the future.

Before making any investment decision, investors are recommended to ascertain if this investment is suitable for them in light of their financial knowledge and experience, investment goals and financial situation, or to obtain specific advice from an industry professional. The value and income of the securities or financial instruments mentioned in this document are based on rates from the customary sources of financial information and may fluctuate. The market value may vary on the basis of economic, financial or political changes, the remaining term, market conditions, the volatility and solvency of the issuer or the benchmark issuer. Moreover, exchange rates may have a positive or negative effect on the value, the price or the income of the securities or the related investments mentioned in this document.
